

About Our Program:

- The loan is a 36 month term, with NO FEES and 6 months same as cash!
- If the loan is paid in full in the first 6 months, there is absolutely no interest!
- The rate on the loan is a low rate of WSJ Prime + 4%, and is fixed for the full term of the loan!

Vendor Financing Guidelines

How the Process Works:

Once you have a bid on your heating and ac, you are able to apply for Snell Heating & AC's, Preferred Business Financing. Simply ask for an application, or apply online.

When the application is complete, it should be faxed, or emailed to Lacey at American National Bank, in Gretna. We will process the application as soon as possible and in most instances you will receive an answer within 60 minutes. It is important that the application is complete, so we may process it immediately.

We then will call you with an approval or decline, as soon as we receive the response from our underwriting team.

You will then need to supply proof of income to Lacey. Two paystubs or a W-2 are typically what we request. We will then produce the loan documents and set up a time for the loan closing.

We take care of getting the funds directly to Snell Heating & AC for you! There is no hassle!

If there are any questions, please don't hesitate to contact us!
